

Our First Zoom Monthly Talk October 2020

Fishmonger's Tales – Kevin Little

This was our first venture into zoom talks in October. Kevin hosted the meeting and following a successful pretest where we ironed out a few problems the talk went ahead.

Kevin had plenty of fishy tales to tell many of them reminding us of what fishmongers used to look like when they were on the high street rather than in the supermarket. He talked about MacFisheries which one of our members found amusing as she actually worked in their Bracknell Office in the late 70's!

It is strange listening to a talk without the speaker getting any reaction and for future talks we'll be encouraging the speaker to make the talk 45 mins allowing for some questions afterwards. Many of the comments I received afterwards were appreciative of the talk and members enjoyed having something to look forward to. So, with this encouragement we're going ahead with a talk in November – hope you'll be able to join us.
