“Tawny Owls
Coming to a Wood Near You”
Talk by Stephen Powles
Ashburton Town Hall

Tawny owls are often heard but rarely seen. This presentation describes the lives of these fascinating birds, much of it gleaned from a wild “tawny” that I spent many hours observing and photographing over a fifteen-year period.

Stephen was formerly a vet & changed career to pursue a lifelong passion for wildlife, wildlife photography, filming & conservation. Stephen’s material has made a number of TV appearances, featured in the national press & won major awards. His photography concentrates on interesting and challenging wildlife subjects, many of which are in & close to his home.

Non-members are welcome to attend our talks, £4 payable on the door which includes Tea, Percolated Coffee & biscuits from 2.15 pm
