

**OLD MONEY. A quiz from Madeley & District U3A.**

This is about old, indeed very old, Imperial Money (£.s d). Put in the amount next to each clue, then see if you can make it add up to £1650 13s 4½d. It helps if you are as old as the quiz-master! For the benefit of those who say that they're too young to remember, there were 12 pence in a shilling and 20 shillings in a pound, with various sub-divisions and lots of slang terms for them.

**£        s        d**

1. The girl's name drops for this answer
2. ....with her ancient bicycle
3. ....in a game she shoves her little sister who comes up to her waist
