

The Yorkshire Cricket Foundation are delighted to announce the launch of the Yorkshire Walking Cricket Team.

Walking Cricket was developed as a new concept in 2019, making cricket accessible to older men and women or individuals who are semi-retired or retired. Walking Cricket is an adaptation of the traditional game of Cricket to suit those with less mobility and caters for different abilities.

We are also pleased to announce that Mac McKechnie has been appointed as Manager for the newly formed Yorkshire team.

Speaking on his appointment Mac commented, *"I have always considered it an honour to represent your County in any capacity, so I am honoured that aged 70 I still have something to offer. I am really looking forward to working with the YCF to help roll out Walking Cricket across our great County"*.

A fixture has already been arranged against Surrey for later this year, the official date has yet to be confirmed however all details will be announced via the Yorkshire Cricket Foundation's social media channels.

Walking Cricket has expanded significantly over the past two years and not only offers participants the opportunity to maintain their fitness levels but to also socialise with other members.
