Our Speaker is John Puddy who will be talking about the Steamship Freshspring Trust. The Steamship is moored along the quay at Bideford, manned and maintained by volunteers.

Are you interested in exploring our local heritage, visiting museums, industrial archaeology, historical estates and places of general interest?

If so, you will want to sign up for our new Heritage Explorer Group. We are planning four outings a year, travelling by car (hopefully car share and lifts can be arranged), to locations in the South West.

This year the provisional list of places includes Tiverton Museum of Mid Devon life, Buckland Abbey, Coldharbour Mill, and a visit to Exeter's museum and Christmas Market.

Our first trip is on Tuesday 5th March, to the extensive Tiverton Museum of Devon Life. Entry to the museum is £8.50. If you wish to join us, please contact Laurence. A group email will be sent out a week before the visit detailing arrangements for the day such as times, meeting place, parking, refreshments etc.

Jane , an experienced bridge player, has offered the opportunity for a small group of beginners to learn how to play, meeting at her house on a Friday afternoon, between 3.00pm and 5.00pm. There will be a small charge to cover refreshments.

HOW IT WORKS

Fourth Friday of Month 1.45 for 2.00pm.

In January we had a talk by David following his research into the evolution of Lighthouses around Europe including Hartland Point. The lighthouse was decommissioned in 2012 and a new replacement light installed. The members present received a Fresnel magnifying lens to illustrate their new knowledge regarding lighthouses.

At the meeting on 24th February Keith will present his guide to “Britain’s, Iconic Buildings and Structures”. Come along and listen to the presentation visiting these heritage icons. New members always welcome.

LITERARY STUDIES GROUP

Tuesday 20th February 2024 – Imperial Hotel 2.30pm

Tuesday 19th March 2024 – Imperial Hotel 2.30pm

Clan of the Cave Bear is the first of six novels in the Earth's Children series, written by Jean M Auel. Set circa. 30,000 years ago, this is a work of pre-historic fiction where the author has cleverly woven a speculative story, supported by well researched and detailed analysis of botany, herbology, herbal medicine, archaeology and anthropology. Although we all agreed that this was thoughtfully written from a factual perspective, it was also a masterclass of imagination, and was, as is so often the case, immensely enjoyed by some, but not all. Some found it tedious and questioned the credibility of the storyline, whilst others were totally immersed, finding it interesting and enjoyable. Suffice to say, it caused plenty of discussion!

Ellie Group Leader

PRACTICAL GARDENERS

We are a sociable group who like gardens, growing things, and giving advice when asked for it. After a date and time have been agreed we usually visit one of our members gardens. There we have a tour of the garden and see the interesting plants etc. that they have. Then there is the all-important cuppa and biscuit while we discuss the plants in their garden or any other matters we want to chat about.

We generally meet for a garden visit once a month in good weather. During winter time we are going to email about gardens so that we are still 'In Touch'. The Practical Gardeners Group meet up once a month during spring, summer and autumn. Meetings and emails will take place in the morning on the last Thursday of the month, unless there is a problem and then times/ days can be changed. I hope that gives you some idea of our group and if you want further information, please give me a call.

The group continues to meet on the last Wednesday of the month in Room 3b of Barnstaple Library at 2pm. We are an open and welcoming group with a wide range of knowledge and interest in wine from beginners to those with in depth knowledge of specialist areas. For the December tasting we looked at “The back Riads of Portugal” tasting some of the lesser-known wines from this fascinating wine country. The subject for January the 3rd will be Syrah – New World V Old World, in which we look at a range of wines made from Syrah/Shiraz from, for example South America, South Africa, Australia and France. If you fancy giving the group a try just to see if it would be of interest to you, please drop me a line
