

## Bicester town walk Tuesday 14<sup>th</sup> February 2017

This turned out to be a popular walk with fifteen of us braving the cold and overcast day to navigate our way around Bicester and for some of us discover places we had not seen before.

Starting off from the Kings Arms car park we went along Market Square and the Causeway and into St Edburghs churchyard. From here we walked through the cemetery to a footpath leading to the Priory and onto Priory Road.

At the main road we crossed over and walked just past the level crossing where we turned left and onto a broadwalk which took us eventually to Langford Lake (pictured).

We then made our way to Gavray Drive which led us to the footbridge over the railway and into Garth Park. From here we returned to The Kings Arms where eleven of us had an enjoyable lunch.
