

Article Featured in Sheepwash Times – December 2019

Ever wondered what is the best kept secret in Branston and District? Judging by the reaction that we often get when we mention “U3A”, it’s just that – the U3A. So, we have decided in readiness for 2020 to advertise our presence! The U3A is open to all in “the third age”, that is those who are retired from full time employment or homecare.

We offer almost 30 interest groups, and if there is none to suit you, we welcome the opportunity to start something new. So, whether your interest is anything from Ancient History to Walking; Art Appreciation to STEM (Science, Technology, Engineering & Mathematics), Croquet to Photography, there will be something to suit you.

Each month we have a full meeting, usually with an invited guest and it provides a great opportunity for socialising. For our December meeting, we shall be enjoying a Members-only Christmas Lunch. But you will be welcome to join us on January 28th at 1.30pm for 2.00pm start at Branston Village Hall when we have Terry Nowell to speak on Charles Dickens. A small fee applies. Future topics include Lost Railways of Lincolnshire, Heritage & Future of County Shows and Canadian Travels. The full list of speakers as well as details of our interest groups can be found on our website, <https://u3asites.org.uk/branston/home>, where you will also find our contact details.

So if you are looking for somewhere to meet like-minded people, to widen your horizons or to indulge further in your particular interests and activities, why not give us a try? You are welcome to attend a couple of meetings before you join, and fees are very reasonable. Annual fees for joining the U3A are £13.00 for individuals, £24.50 for couples. Find Branston & District U3A via your internet browser and discover the full range of opportunities.
