

A – INTEREST GROUPS GOVERNANCE

PART A2

POLICIES AND PROCEDURES

Policies and procedures are guidelines that help to shape the culture of our organisation and set out the ways in which Bridgend u3a will operate. They are available to view and download via the Governance page of our website: <https://u3asites.org.uk/bridgend/page/124651> and include:

- Our Constitution
- Member Code of Conduct
- Data Protection
- Privacy
- Equality, Diversity, and Inclusion
- Accessibility
- Safeguarding

These policies and procedures are subject to regular review and updating, and further documentation will be added from time to time. Group Leaders/Convenors are advised to familiarise themselves with the content of these documents. If you are unable to access the documents via the website, or you have other queries relating to the policies and procedures, please inform our Group Co-ordinator and/or a member of the Committee.

The Third Age Trust regularly offers online training on these policies areas. Details can be found via the TAT website at <https://www.u3a.org.uk/advice/workshops>.
