

Tie-Dyed Silk Painted Cards: March 2022

In March, there was a bumper turn out of Crafters! We met to create some greetings cards made with silk that we dyed. It was a messy task and we had a table of hairdryers in operation to dry our silk paintings so that they could be embellished and made into cards within our session time. However, despite the difficulties everyone managed to create some wonderful cards. I think anyone would be pleased to receive one as a gift!
