

The Culture and the Stunning Scenery of **DEVON and CORNWALL**

A 5-day tour commencing 19th May 2024

Dear members,

My latest Bushey U3A offering of a tour will be May next year and will, hopefully, appeal to lovers of the Eden Project as well as those of Agatha Christie. The West Country counties of Devon and Cornwall are the most popular area in the UK for tourism. Cornwall with its Eden Project is one we haven't visited for 10 years but I think Devon also has a lot to offer. I have included a heritage train ride as usual and a boat ride which will interest lovers of Agatha Christie.

I hope this tour interests you.

Kind Regards

Denise

The Eden Project

Agatha Christie's Greenway House

YOUR 5 DAY ITINERARY

Sunday After our usual pick-ups at Bushey and Watford, we will head towards Portishead Marina for a lunch stop before continuing to Plymouth and our stunning hotel the Duke of Cornwall.

Monday Today we spend some time in Dartmouth, before taking the return ferry along the river Dart to Greenway House where we can take a glimpse into the life of Agatha Christie at her former holiday home. The Georgian house, still set in the 1950s, is situated in a large and romantic woodland garden which sweeps down the hillside towards the River Dart.

Each room in the house is full of items collected by Christie and her family, and brought to Greenway from her childhood home or archaeological digs with her second husband Max.

A visit to Greenway isn't complete without a trip down to the Boathouse, scene of the crime in Poirot's Dead Man's Folly and one of the most tranquil spots at Greenway.

Tuesday This morning we will have a relaxing steam train ride from the historic Cornish town of Bodmin before we visit one of the highlights of our tour, the remarkable Eden Project with its million plants. It is hard to describe this unique visit which has won many international awards for both its world-wide plant conservation work and as an outstanding tourist attraction. There are three enormous biomes with the rainforest being the world's largest plant conservatory. There is a walkway above the steamy jungle and in the Mediterranean Biome they have grown the world's largest flower—at over 5 metres high.

Wednesday After breakfast today we will have a guided tour of Plymouth Synagogue which is the oldest Ashkenazi Synagogue still in regular use and within easy walking distance of our hotel. We will then have time to explore the Harbour, to see the Mayflower Steps from where the Pilgrim Fathers departed and the cobbled streets and galleries of the Barbican before taking a 1 hour Harbour Cruise.

Thursday Our journey home today will include a stop at Cleveland, a unique coastal Victorian town with a beautiful coastline and the only Grade 1 listed pier in England. There are plenty of places to have lunch before we head for home.

Beautiful walks around Greenway House

Plymouth Synagogue

Plymouth Harbour Cruise

THE Eden Project

Steam train ride from Bodmin
