Caterham U3A – Computing and technology group

We are a (fairly) newly formed group who meet on the first Friday of each month at 10.00am to discuss a broad range of topics related to technology.

We are few in number – maybe six or so turning up to the monthly sessions.

However we always find plenty to talk about and occasionally take the opportunity to help each other solve some of those annoying technical challenges thrown up by Apple, Microsoft, Google and so forth.

The two hour sessions always whiz past – and we are open to newcomers. If interested please contact Steve Bishop by clicking on his name to email him or via the website at https://u3asites.org.uk/code/u3asite.php?site=1&page=126547
