

## **French Intermediate – Les Froggies 2023**

Les Froggies meet weekly for their conversation in French and a small amount of grammar, together with an attempt at learning some new vocabulary, which some of us find more easy to retain than others. However, it is said that learning a language is one of the best things to do in order to keep the little grey cells active.

Florence, our French guide, attempts to improve our pronunciation of her language and does admit that we do seem to be making progress. Listen carefully, for she will say this only once. Confidence when speaking French is our major goal and we enjoy meeting to read, discuss articles and chit-chat – bavarder in French.

Members are asked to host, in turns, providing coffee and biscuits to lubricate the mouths and brains.

We could accommodate one or possibly two new members – if you are at an intermediate level and would like to join us, please contact us via the u3a website.
