

WALKING THERE – John Parry/Brian Windsor

March 2023

Our March walk was another long walk at 6 miles but this time we did have the added incentive of a pub stop for coffee and cake halfway around. We started on the outskirts of Bluntisham to walk through the village and across the A1123 from where we took a footpath down to the River Great Ouse. Our walk continued along the bank of the very swollen river to Earith where we stopped at the Crown Inn

for coffee and cake. After our refreshment stop we walked along the bank of the Old Bedford River before turning away to cross grass fields beside old gravel pits before making our way into Colne and back to the cars in Bluntisham.
