March & April 2023

FROM THE CHAIR

Spring is in the air and the, snowdrops, one of the first of the Spring Flowers have sprung. Janet is working on **KiT Plus** and so this is a quick **mini KiT** to provide you with some key information and a few reminders.

A Special Interest Group Leaders workshop was held in January to assist the committee in deciding the priorities for the next year. One of the suggestions was to seek opportunities to promote the u3a externally - so look out for the inclusions in the Chinnor Pump and other local magazines. We will also be developing some pop-up taster workshops, if popular these may 'kick start' new groups. As well as encouraging new members we will be nurturing those members who have been a part of the u3a for some time with some special events. More information about these initiatives will be in **KiT Plus** which should be with you mid late Spring. Welcome to Marion Turfrey who has agreed to be co-opted onto the Committee with a view to standing for election at the AGM which will be held on 20 July 2023

THE COMPUTER GROUP: offers support to
build confidence in the use of devices.

The User Surveys are being sent out this month.

There are **two surveys**, one for **New Users**, who
are not using a computer at present and one for
General Users, who are looking to improve their
skills.

Please take time out to complete a survey so we
can find out what help and support members would
like for their computer and electronic devices.

Out of consideration for your fellow members please do not attend a meeting if you are feeling unwell.
Please bring your own cup to meetings to save on washing up and the disposal of paper cups.
