Kindertransport and Third Age Matters

A Delay in Printing Third Age Matters

Due to external circumstances beyond our control - there may be a delay to when Third Age Matter Magazine reaches you. We are working hard to help rectify this and get the magazine to you as soon as possible. Please let your members know about this delay to avoid any disappointment.

Thanks for your understanding and your patience.

The magazine will be worth waiting for - it has an interview with comedian and mental health campaigner Ruby Wax, a feature on our u3a wood, an article on your favourite comics and much more.

Don't miss out on the competition - take part in it and see some other TAM features on [the website now](#).
