

We need members to propose and second people to become members of the Executive Committee.

Proposals have to be with the Secretary by 22nd January 2021 at the very latest i.e. 21 days before the Annual General Meeting.

Ideally, we would like to receive them well in advance of that date, so if you want to propose someone who has agreed to stand for election, please send your nomination any time before that date. Any member can be nominated providing they are not on the Committee of another u3a.

We have to elect four Officers; i.e. a Chairman, a Vice Chairman, a Treasurer and a Secretary. In addition, we have to elect a minimum of one and a maximum of six other Committee members.

The existing Committee is shown below. All members, except Jean Elmer are eligible for re-election should they be proposed, seconded and voted

We urgently need a new Events Coordinator and Jean has prepared a description for the role. Anyone who is interested can read it on our website. Jean is happy to talk through the role and to assist to achieve a smooth transition. The sooner someone is in place the sooner we can start to agree speakers for future monthly meetings; whether they are held in a hall, virtually or a combination of both.

Phil Light has indicated that he would stand down (and perhaps take on the role of Deputy Treasurer), if another person is elected to the role of Treasurer. As deputy, Phil would be able to guide a new Treasurer in the role.

The non-officer roles are important to the smooth running of the Crawley u3a, but if someone is keen to undertake a role, they do not have to be part of the Committee.

We can also elect a President if members want to propose someone and we can add other roles either on or not on the Committee e.g. training in IT or mobile phone skills.

If you know a member who is keen to help, we always welcome new volunteers to assist with these or any other roles.
