It is now coming up to two years since the Scottish Country Dancing Group began - the photo is from a recent session, with a group of us trying hard not to look posed! We are at least smiling, which is a fair representation of what we get up to. We might not get every dance correct but we always enjoy the attempt! As one member said "I always know I am going to start Friday with plenty of fun and laughter". And of course, any dancing is good for your physical health and even for keeping your brain ticking over.

We are very much open to new members. So if you are tempted, either come along to the "party" (see page 6) or our early January sessions (Jan 3,10,17), when we will be going over the basics.

Why not "Come Dancing"?

At the final session of Scottish Country Dancing before the summer break, Sue and Geoff Tagg presented a bouquet from all the members to Nicky Dixon, to say thank-you for her brilliant and friendly teaching.

### *August – September 2018 Newsletter*

The Scottish Country Dancing group started in February 2018, so has now completed its first 6 months - numbers have fluctuated between 12 and 20 - and as we can easily accommodate 32, we are very keen for new members to come along and give it a try. To quote one member - "It's really good fun, it's good exercise for us, and it keeps the brain ticking!" - and Nicky is a lovely and encouraging teacher. Most members come as individuals, whilst others come with friends or partners - it makes no difference, as we dance in 'sets' of 6 or 8.

*April – May 2018 Newsletter*

This is a new weekly activity, 10 a.m. every Friday in school terms - run by members Nicky Dixon and Geoff Tagg. The first 5 sessions have averaged around 20 members each time, which is good - but we hope it will grow to 30 plus - so do feel free to get in touch. Around half of the members come with a partner, and half solo - it makes no difference as we dance in sets, rather than just with a partner. The dancing is similar to English country dancing, very sociable (The Gay Gordons, anyone?!) - and we try to help out anyone who feels dancing is not their top skill - just ask George Kirk or David Allen! And of course, as well as being good fun, it's a good way to get a little fitter.
