

## Tuesday 17 December

Kew Gardens' 2019 winter trail takes a magical new route and includes a host of all-new installations.

Framed by glittering spiral trees, dynamic laser projections will illuminate the iconic Temperate House.

A dazzling arch leads to a cascade of glowing silvery shards at the Treetop Walkway. Walk amongst immersive vines as they surprise with changing ribbons of light, and wander beneath the branches where mysterious fairy-fire known as Will-o'the-Wisp softly glows.

The Holly Bushes will sing, the Tunnel of Light will twinkle with thousands of pea-lights, and the flickering Fire Garden adds to the festive experience.

Enjoy the Palm House Pond finale as jumping jets of light dance across the water to much-loved Christmas classics. Complete a walk under the stars with spiced cider, mulled wine or hot chocolate. Food is available in the Café, the Pavilion Bar and Grill and from a huge array of food and drink stalls dotted along the trail.

*Coach will leave  
Don's Coaches'  
yard at 4 pm  
(Fitch House  
4:05, Takeley  
4:15)*

The trail is approximately 1½ miles long and takes about 75 minutes to walk.
