

The Knitting and Stitching Show

Where textiles come to life

Be inspired by work from some of the UK's leading textile artists in the professionally curated textile galleries at The Knitting & Stitching Show.

This is a new venture for the U3A but this show comes highly recommended as the mecca of all things related to fabric and wool craft. Go with an open mind and return home ready to learn a new skill or improve an old one. Give it a try!

Set in the iconic Alexandra Palace, there will be workshops and talks to inspire you, textile galleries to wow you and of course, lots of shopping opportunities.

The Knitting & Stitching Show is the definitive event for anyone with a love of stitch and crafts. Whatever your craft passion, it is the perfect place to find inspiration, learn new skills and shop for all your essential supplies.
