

Members Messages

Went to my first Latin group zoom meeting today as GLO but will become a group member as I enjoyed it so much.

Let us know what you are all doing and how you are coping with lockdown by posting on this Message Board.

The recently started Moden Architecture & Art Appreciation group that runs on Zoom would be pleased to welcome additional members please contact the GLO if you would like further information.

SPACES AVAILABLE IN INTERMEDIATE GERMAN!

A couple of members of this lively group have moved on to pastures new so we currently have room for a new recruit... or two. Got some German under your belt already? Want to join like-minded Germanophiles to take your skills to the next level? Then get in touch so that we can organise a 'taster'. Wir freuen uns auf dich! :)
