This checklist is to help in the planning for a trip. This isn't an exhaustive list, so think carefully about any specific risks you may encounter. It is likely that you will need to add to this risk assessment checklist. This form can (and should) be altered to suit specific trip requirements.

Where you identify a particular risk you should note the actions you will take to reduce the risk. It's important to carry out a risk assessment before the trip takes place and you can add to this during your trip.
