

Obituaries

From time to time we may publish an obituary for one of our members. We do not do this automatically but only when requested to do so. Requests must be made to the Chair who will decide if and where an obituary is published. We do not include photographs and obituaries will not normally exceed 300 words in length.

Obituaries of members who had been actively involved in the running of Elmbridge u3a would be reported in a Newsletter. Other members could also be mentioned in a Newsletter but this would be unusual.

We maintain an Obituaries page on our web site and obituaries could be published there instead of or as well as in a Newsletter. Obituaries on the web site will be removed after they have appeared there for 3 months.

Obituaries may also appear in a Bulletin but if they do they will be very brief (one or two lines) and will refer to a fuller version on the web or in a Newsletter.
