

## EMS VALLEY U3A OUTING 22 OCTOBER 2019

A visit to the National Air Traffic Control Service (NATS) at Swanwick is planned for October 22, 2019. This is a half day visit and the other half of the day will be to nearby Bursledon Brickworks Museum.

Because NATS is military controlled they will only allow groups of 10 people at a time, so our visit will be for 10 people in the morning and 10 more in the afternoon with a coach shuttle between the two.

Names need to be passed to NATS a minimum of 3 weeks before the visit and cannot be changed after the list has gone in. They are currently undergoing a risk assessment.

Cost for the day is £28.50 per person which includes admission to the brickworks, tips and a light lunch at Bursledon and is for U3A members only.

Because this is such a small group, it will have to be first come first served to me with a cheque made payable to Ems Valley U3A

Coach departure from Emsworth will be 8.50 am and arrive back in Emsworth approx. 5.15pm
