

### Mike's Musings

**Welcome** to the March edition of our Newsletter. As I write this, we are enjoying unseasonably warm spring like weather and it is of course half term. The good weather is no doubt helping those of us with grandparent duties to keep the children entertained during the holiday; though the children would no doubt like to see some snow!

**Newsletter** This has again been produced by Steve Evans and I am very grateful that he has again been able to take on this task for another month. As I have mentioned previously, we still want one of our members to take on the role of Newsletter Editor on a permanent basis. **Please do consider whether you can help in this way, support if required is available.**

**Membership** I am very pleased that nearly 100 hundred members renewed their membership at the February meeting. We will continue to take renewals at both the March and April Main Meetings. If possible, please bring a cheque made payable to Forest Town & District U3A though of course cash is acceptable. I am aware that sometimes people's circumstances can change that means they are not able to continue membership of our U3A, but I do hope that most of you will be able to and enjoy your time as a member, making new friends and perhaps trying more of the Interest Groups.

**Nottinghamshire Network** I recently represented our U3A at the Network. This is a group of all 32 U3A's in Nottinghamshire meeting four times a year. It is a useful group for exchanging ideas and views with the other U3A's and it is also responsible for arranging the establishment of new U3A's in the County. The Network also arranges 'Peer Group' meetings where any members can get together to learn in more detail about various Interest Groups or about roles within the U3A.

### LOOKING BACK AT OUR FEBRUARY MEETING

At our February meeting Tony Brewer was the Speaker with his Photo Quiz. This was totally different to anything we have had in the past as it consisted of Tony showing us images of household items, tools and hardware, that had been jumbled up and we had to guess what they were, as there were so many of us this was done by shouting out if you thought you knew the answer.

Some of the photos had been 'cut' into several pieces and then put back together in a random order, the abstract patterns they made were very attractive, however we weren't there to admire art work but to guess what it had been in its original state. Others had been overlaid with patterns in a way that obscured the item; these were slightly easier once you got your eye in.

To start off with there weren't many right guesses but then some members began to get the hang of it, while others among us were totally useless. It possibly helped if you were a lateral thinker, which I'm definitely not!

There were 60 to 70 objects for us to guess at, it was very light hearted and some of the answers caused a lot of hilarity, and I totally agreed with the suggestion that one of them **did** look like a circular saw that had been used in a massacre.

As we got through them quite quickly there was time at the end to look at some other pictures and try to guess if they'd been photo shopped. This was almost impossible to do and most of those we thought had been altered hadn't and vice versa. It just goes to show how playing around with a camera and computer can affect our perception and a reminder that seeing isn't always believing!

**Our next monthly meeting will be on Thursday 7<sup>th</sup> March 2019 in St Alban's Church 1.45pm**

### Welfare Officer Forest Town U3A

My name is Kelvin, I was appointed as the Forest Town U3A Welfare Officer in November 2018.

My role is to give support to any of the membership of Forest Town U3A.

This may come in many ways and I hope to structure this around you, as an individual. I can assure you that our meetings will be done in the strictest confidence.

But please be assured that there may be a time when working for the interest of the individual(s), may mean that I would have to pass details on to any relevant authorities who may be contacted in support of the individual(s) e.g. - GP, Ambulance Service, immediate relatives who need contacting. I would like to reach out to you, who maybe alone, and suffering from a long-term illness. You may be thinking that there is nobody to turn to, or someone to speak with, or confide with.

I also appreciate that you may have friends within the U3A who you do know and that they know you as an individual and trust dearly. Sometimes you may want to talk and for someone to just listen!!

Just to let you all know, I do not live by the phone or E-mail. Having contacted me I will return the call ASAP to arrange a meeting face to face. Since I started the role of Welfare Officer, I have had contact from some of our members and I have offered my support to the Individuals concerned. Kelvin Foster

### We are having a Coffee Morning

**On Monday March 11th at 10-30am to 12 noon** in the conservatory at Forest Town Arena

A drink and a biscuit with lots of chat cost £1.00. If you have anything that could be donated as a raffle prize that would be fantastic. Please give your prize to any Committee member.

We would particularly like to see any members that have shown an interest, or would like to know more about, the following suggested groups. Wine Tasting, Cycling, Cryptic Crosswords, Classical Music, Walking with a dog and Flat path/No hills walking.

Tickets will be on sale during the March main meeting.

### We have a new group starting!

**Gentle, short walks, ambling along with coffee and chat.**

Flat, easy walking with a chance to chat and have a coffee. Meeting on the first Tuesday of the month at 10-30am, at Vicar Water Cafe, Clipstone, Notts. NG21 9AA hopefully, someone within the group will be the point of contact soon!!!!

### NOTICE TO GROUP LEADERS

1st April is the next Group Leaders meeting at the Arena at 10am. If possible could every group have a representative attend the meeting? The June main meeting is all about Interest Groups and needs a little bit of organisation!

Registers are also required to be hand over to the Treasurer.

### Bird Watching

Group Leader: *Lynne Cooper*  
Meet 2<sup>nd</sup> Thursday of the month

On Thursday 14<sup>th</sup> February the weather forecast was favourable for Bird Watching we decided that we would visit the large Nottinghamshire Wildlife site at Idle Valley near Retford. Andy had found (via the internet) that Smews (a saw-billed uncommon visitor) had been seen at one of the far lakes, so it was decided that is where we would go (the area of the site is equivalent to 600 football pitches). We eventually arrived after establishing on the map provided which were footpaths and which were the bridleways we wanted. On our way we passed about 30 Mute Swans in a field away from the water which we thought was unusual but we were informed that locally this was quite common, also a flock of Oystercatchers which seemed unusual so far inland. It took us quite a while before we were able to see the female Smew, some with the help of other bird watchers with their scopes and some with the use of Andy's telescope. As the weather was good it was such an ideal day in being able to easily see the colours and detail of the birds instead of just a silhouette we get sometimes. In all the group had a very enjoyable day and we managed to see 30 different species of birds including the Smew, Great White & Little Egret, Snipe and other less common birds.

### Country Dancing

*Pam Lander.*

The group has decided to stay at St. Patrick's Church Hall. It is a lovely space with excellent facilities! As the hall is bigger we have spaces if you would like to join us. No experience required. There is a charge of

£2 a session, paid in 3 monthly instalments of £6. This is to cover the hire of the hall and includes refreshments.

As Good Friday falls on our dancing day in April, there will be no meeting.

## Craft

**Group Leader: Jane Freeman**

**2<sup>nd</sup> Monday 2pm - 4pm Meet Forest Town Arena**

We welcomed a new would-be recruit, who popped in just to see what was on the programme, and was persuaded to stay for a coffee, so we hope to see her next month with a project to two in her hands.

The Regulars all continued with their individual projects twiddle muffs, crocheted bed throws, intricate incised pattern-making, and The Cat Sweater, which is progressing well (see last month's report!!!) Whilst musing over such topics as; The temporary closure of the centre of Mansfield to film an episode of Top Gear, involving electric cars being raced around look out for that episode on TV at some time on the future;

The merits of The Kitty cafe in Nottingham a must have for cats and cat lovers alike, where you can pay a nominal fee to enter and be in cat heaven, and entertained or be entertained by a room full of cats, whilst having refreshments.

The new shop front that has appeared recently at the former Ella's cafe in the village, maybe at long last all will be revealed all bets taken on its reincarnation!

The possibility of linking up with Forest Town School to help teach knitting and crochet skills, this is ongoing work-in-progress.

Next meeting Monday 11th March 2.00pm all new members very welcome. Jane

## Current Affairs

**Group Leader: Desley O'Leary**

**2<sup>nd</sup> Wednesday 10am - 12 noon**

We welcomed a visitor from Warsop U3A this morning, who was on a mission to discover "how it's done", in order to set up a group there.

I trust we gave her enough food for thought, as the meeting was as lively and amiable as usual!

There were many varied topics up for debate non mentioning The B word (B%\$£t, in case you didn't guess) since we had agreed it was a Taboo subject from now on.

Had we made a rod for our own backs in creating the current "Snowflake Generation", who seem unwilling or unable to stand on their own feet, being taken to and from school clubs, friends' homes, after running

home at the slightest opportunity if things got beyond them; or deal with things that are deemed to be too scary or difficult (as in Safe Spaces provided in some universities, and certain controversial speakers being banned from their debating societies or lecture rooms.)

It generated a mixed response, some agreeing, and some thinking that it wasn't entirely the fault of the younger generation, as they were unable to afford their own flats, and had massive university debts. Others suggested We had to stand on our own feet, and "make do and mend" etc, so maybe this resilience needed teaching/passing on "a cold wind makes the tree strong".

What should happen to the Clipstone Headstocks, considering they have become an eyesore, despite the fact they are classified as "listed", and are deteriorating at an increasing rate? We mainly agreed they needed demolishing.

Was the Top Gear filming a positive or negative thing for the town?

We generally felt it hasn't done great deal for Mansfield's image, as the town was closed off for safety reasons during the filming, and shopkeepers had complained they had lost trade because of it. Kate Alsop's comments on local radio "to know that this is the town where Freddie Flintoff drove into a market stall we should actually name the stall after him, it's going to be such an icon." didn't go down well with the group, either.

Will HS2 eventually be a benefit, of a huge White Elephant?

It was agreed it needed scrapping to prevent even more money being wasted

Was there a pressing need for the proposed 3 new hotels that may be built? The suggestion was that the many out-of-town business park clients have nowhere decent to stay, and that the few older, smaller hotels in town would not be suitable to upgrade or modernise to current day requirements. However, the downsides a new modern building on one of the sites in the middle of town would be out of character.

Is the new law that states we all have to choose to opt out of being an organ donor the right way to go? Would this lead to unethical practises/organ harvesting on near-to-death people who were not able to express their wishes? We had very mixed views on this, with both sides giving good evenly balanced arguments.

Is the government right to suggest we all adopt a more plant-based diet and reduce our consumption of meat to no more than 3 days week? Some said it would be good to select less but better quality, more ethically reared meat as opposed to none at all. Others wondered if we All went vegan, the huge amount of crops needed may not get picked due to

the lack of sufficient people to do the jobs the Brits refuse to do.

Was it fair or ethical to cease searching for the missing pilot of the plane that crashed carrying the footballer Emilio Sallas? Are the pilot and his family being treated equally? We decided money was a lot to do with it, and both families needed answers and "closure".

Thanks again to Desley and John who were our hosts for the morning, providing refreshments and comfy chairs. Jane

## Gardening

**Group Leaders: Angelina Taylor & Irene Brookes**  
**2<sup>nd</sup> Tuesday 10-12noon - Stuart Avenue Centre**

Our Gardening Group had a jovial meeting this month, where we made small figures for the garden out of modelling clay. We all had great fun, especially those whose artistic talents were minuscule (including the writer of this piece; believe me, no false modesty!). Items were produced that raised a smile (mine looked like one of the Flowerpot Men) and will continue to do so in a corner of the garden. We did feel that handling the clay was therapeutic, and during the process hilarious discussions arose about youthful activities (Mods and Rockers?!) and suchlike.

Maz brought along a beautiful arrangement of spring flowers to inspire us, plans were discussed for the coming months, and refreshments enjoyed.

Next month we'll be making Easter wreaths, so please bring items such as a foam circle, white fluffy wool, felt, pins, ribbon (4 metres), and decorative objects, eg artificial daffodils and tiny Easter eggs.  
Kay T

### The Gardening Group would like to invite anyone

who is interested in attending the following.

## Family History

**Group Leader: Malcolm Marples**  
**Meet 2.30pm 3<sup>rd</sup> Monday - Flint Avenue Centre**

Our session this month started with looking at two pair of tiny shoes immaculately made by an Italian prisoner of war and given to Tom SNART, (correct spelling of surname), Anns Grandfather. This took place at Butlins Holiday Camp which became an Italian POW Camp. Chris told us that similar shoes can be seen at Eden Camp in North Yorkshire which was also an Italian POW Camp.

Andy and Julie had devised a sheet to record and keep track of all their certificates purchased or needed, this was impressive and some of us may copy this idea.

Pauline had finally, after 6 months, received her late uncle's Will and Death certificate etc from an agent in South Africa. She also read out one or two of the Christmas cards he had sent during his time there, in one he referred to being ill but was still taking the medicine - Whisky and Brandy! This didn't have any known bearing on his death as the Death Certificate said 'natural causes.'

After a drink and biscuits, we watched a DVD 'Breaking Down Brick Walls', which gave advice on possible answers when you are struggling to find an ancestor. It set us all thinking. Pauline

### Local History

**Group Leader: Pauline Marples**  
**3<sup>rd</sup> Thursday 2.15pm - Flint Avenue Centre**

-

This afternoon 21 February, we continued with the slide show on St Alban's Church. There was plenty of interest and discussion on the photographs which revealed features both inside and outside the church. We looked at the land at the side of the parsonage when it was the church playing field, and when the Church Hall was being built on it, only to discover that today that has been demolished and bungalows are on the site. It was suggested that when signing in at the next U3A meeting we look at the wood panelling at the back of the church, panelling that was once behind the altar and removed to its present position after the fire in 1968. Also take a look at the St Alban window and discover the sheaf of corn which depicts it as a 'Kemp' window.

We had a short discussion on the A-Z history of Forest Town project trying to recall when cricket was played on the Welfare grounds, also when the pit ponies came up during the pit holiday weeks, (information welcome from any U3A members). Pauline,

Winter weather has been very kind to us so far, let's hope it lasts. At the February meeting we had the usual mix of music and features. We had a cryptic music quiz which was devised and delivered by Bob, and I did the featured artist which highlighted the songs who Lennon & McCartney had written for other artists. Once again our meeting will be on Friday 1<sup>st</sup> March a few days before the main monthly U3A meeting. Hope to see you there. John.

## Rambling

**Group Leader: Andrew Riby**

**Rambles from 7 miles up to 9 miles**

**1<sup>st</sup> and 3<sup>rd</sup> Wednesday**

Fortified by bacon butties from Teversal Visitor Centre, Bob and Vanessa led the first ramble of the month round Silverhill Country Park on a cold, sunny day.

There were extensive views from the Miner Statue over the Derbyshire Peaks, but the supposed view of Lincoln Cathedral proved elusive. We then enjoyed a

tour of the magnificent gardens of Teversal Manor, reputedly the home of DH Lawrence's Lady Chatterley, with cyclamen, aconites and snowdrops in full bloom. Then we were treated to hot drinks, cakes and biscuits in St Katherine church in the village while we learned about this grade 1 listed treasure. Lunch was taken at the Pleasley Mining Museum. Steve led our second walk of the month from Holymoorside on a chilly, blustery day. To warm us up we had a long steady climb up through the small village of Wadshelf to the tiny hamlet of Wigley, where we survived the attentions of three excited border terriers. From there we descended to Linacre Reservoirs, a bird watchers paradise, in sunshine. We enjoyed lunch by the shore sheltered from the wind, deep in the valley. Refreshed, we headed up to the delightful village of Old Brampton with old stone houses and a quaint church, with crocuses and snowdrops blossoming in its graveyard. An enjoyable walk, despite the 17 stiles we had to negotiate.

**Our next rambles:** 6<sup>th</sup> March: Wessington, Brackenfield & Wheatcroft (8miles). 20th March: Linacre Reservoirs, Barlow Common, Rumbling Street, Prathall (7.8 miles). Meet at the Arena car park to arrange lift sharing, normally departing at 08:40 am prompt but please check beforehand. New members welcome.

14 of us met at Newstead Abbey (taking advantage of the free parking which ceased on 16th February).

The weather was glorious for us and we enjoyed a lovely stroll around the grounds going through a carpet of snowdrops. We continued towards the Walled garden and then down into the Japanese garden some of us followed the stepping stones across the water. We walked towards a large waterfall which had access to go behind it and we then finished the morning with a visit to the coffee shop for hot drinks and cake. Next meeting is 15th March meet at 10.30am in the courtyard car park at Thoresby.
