

FREE TRAINING TOOL FOR MOBILITY SCOOTER USERS!

NOTTINGHAM
TRENT UNIVERSITY

See & Scoot is a new mobility scooter training resource, developed by the Transport Research in Psychology (TRiP) group at Nottingham Trent University, as part of a grant from the Road Safety Trust.

Uniquely, the resource:

- Prepares users for possible hazards
- Features “live” footage from real world situations, filmed from a scooter user’s perspective
- Evidence based, informed by scooter users’ views
