

In August the group met Peter and Cheryl Holmes from Manor Farm, Thrussington
- local yogurt producers.

They showed us the whole yogurt making process from milking 200 cows to packaging. The milk for the yogurts is literally straight from their cows into the creamery.

Sampling the various yogurts, including the new lime flavour, was a delightful task.

Our verdict - excellent.

A very welcome cup of tea completed the afternoon.

Thank you, Peter and Cheryl

Manor Farm Yogurts can be bought around the county. Our nearest stockist is Glenfield CO-OP. If you are out and about near Thrussington you can also buy them directly from the farm door.
