

## **BOOKWORMS**

Do you ever fancy reading books that you may not necessarily choose from the Library? Bookworms reads a different book each month and then we meet, in the Library and have a chat about the book. Did we like it? Was it well written? It is always interesting to hear the members' views.

The books are supplied by the library in Carlisle and we choose a year's supply at a time from the reading list. There is a tremendous range from which to choose.

As we meet in the Library and use library books there is no charge so this is a very cheap way to widen your reading horizons. We welcome new members to our friendly group, if you are interested do get in touch with me, Sheila Handley, I will be pleased to hear from you. Details about the group are in the centre spread of the Newsletter.
