

## GARDENING

-  
Your Gardening Group has been busy on the promenade keeping on top of the weeds that seem to have been enjoying the weather this year. Even if I say so myself we have done pretty well, to the extent that we have completely cleared some areas as shown in the photograph attached. We will be planting up these areas later in the autumn but have not yet decided what to plant. So, if you can get down to the promenade on a Monday morning please come and have a look, a chat and help us with your ideas.
