

LOCAL EXPLORERS

-
Local Explorers is a group open to everyone in the u3a. We plan an outing every second Tuesday in the month with different people taking responsibility for organising the trip. We try to offer a range of historical, geographical and cultural outings.

We plan our year in January so if you're interested please come along to Grange Institute on January 9th at 10am. If you are not able to come along in person then please email any suggestions. Join us for a coffee/tea plus biscuits and good company. Many outings are planned in pairs so there is no need to feel intimidated, support is always available.
