

## Broad Street and Wood Street Commons

Start: White Hart pub, Wood Street (when it re-opens)

Distance: 5 miles

From the White Hart turn left along White Hart Lane and left again when you reach the green.

<p>Keep left on Frog Grove Lane for about 50 yards and then cross the road to the signed public footpath.</p>	 A photograph showing a person in a white shirt crossing a paved road. The road has a white line marking. There are trees and greenery in the background.	
<p>After about 80 yards take the narrow path on the right that runs parallel to the track. This is easy to miss. I did the first time I tried this walk.</p>	 A photograph of a narrow, gravelly path winding through a dense area of green trees and bushes.	
<p>Continue along the narrow path and over the stile into a large field. Bear slightly left to cross the field to another stile in a belt of trees in the opposite left corner of the field.</p>	 A photograph of a person in a white shirt standing in a large, grassy field. There are trees in the background.	
<p>Follow the path to the right through the trees. Where it leaves the trees keep right along the field edge to re-enter the trees. Do not go straight on into the field.</p>	 A photograph of a path leading through a wooded area with many trees and green foliage.	

Continue until the path crosses a small stream and reaches a wide track.

Turn right on this track and climb towards a mobile phone mast. Just before the phone mast is a signed path to left. If this is still flooded, backtrack a few yards and follow the fairly well trodden path along the field edge. This rejoins the footpath after about 80 yards.

Continue on this path and across the track at Dunmore Farm.

Where the path forks keep right and at the cross track go left and immediately right.

Continue on this path keeping left at fork to a broad track, where left and after about 20 yards right

Follow this path near the edge of the field until you reach a crossing of tracks. Turn right to pass a large green gas supply installation and reach the road (Broad Street)

Cross the road and after passing a tree on the right turn right and follow the path to the trees opposite.

Follow the path through the trees and on emerging continue straight on until you reach a bench on your right. If you want to sit down for a drink or snack this is probably the best place to do so, otherwise turn left on to another path.

Follow the path until you reach some houses, where turn right and follow the path with the houses on your left.

Continue on this path under the railway, over a ditch and then turn right along the edge of the Research Park.

At the small pond turn right and almost immediately bear right to follow the path up the slope through the trees.

On emerging from the trees keep straight on along the field edge towards some houses.

Just after the houses, cross over a stile to your right and continue along the field edge.

At the corner of the field when you reach some trees, turn right and after a few yards left to continue in roughly the same direction.

Follow the path through some trees, over the railway at a gated crossing on to a broad track.

At the road turn left to towards the green and the White Hart.
