

U3A Hale & District Photography Group 2 visit to Higger Tor, Derbyshire on Tuesday 13 August

Eight U3A PG2 members and our professional expert, Stephen Elliott, met for lunch and then ascended Higger Tor, near Hathersage, Derbyshire not once, but twice on Tuesday 13 August. Our aim was to learn from our professional and with the aid of his tuition and the sharing of his filters we managed to get some superb photos. Mike, John & Liam have some really fantastic shots. After climbing down for a well deserved cuppa, at Stephen's home, some of us made the trip back up for the sunset. An exceptional day, enjoyed by all.
