

OLDER PERSONS FAIR – OCTOBER 2016

One of the objectives of the Hampshire South Central Network (HSCN) is to raise the profile of U3A across our Hampshire area. During 2016 we attended a number of public events across our region providing a manned display showing what we offer to Third Ageds including examples of activity groups members can join. One these events was the Older Persons Information & Advice Fair held in October at Hayling Island Community Centre. The photograph shows a team from Havant and Hayling Island U3As and the HSCN manning their exhibit being visited by Alan Mak, one of our local MPs. Over 1,000 attended the fair which generated excellent publicity for U3A.
