Right said Fred both of us together
C F C G (or **Bb**)

C F C F
Right said Fred give a shout to Charlie
C F C G
Up comes Charlie from the floor below
C F C F
After straining heaving and complaining
C C7 Am/ D/ G
We was getting nowhere and so, we, had a cup of tea and...

C C7 F
Charlie had a think and he thought we ought to
C C7 F
take off all the handles and the
D7 G
things wot held the candles
D7 G7
but it did no good well I never thought it would

C F C F
Oh right said Fred have to take the feet off
C F C G

C F C F
Took its feet off even took the seat off

Dm G C

C F C F
Ohh right said Fred, have to take the door off
C F C G
Need more space to shift the so and so
C F C F
Had bad twinges takin' off the hinges
C C7 Am/ D/ G
And it got us nowhere, and so, we, had a cup of tea and...

C F C F
Right said Fred, have to take the wall down
C F C G
That there wall is gonna have to go
C F C F
Took the wall down, even with it all down
C C7 Am/ D/ G
We was getting nowhere, and so, we, had a cup of tea and...

C C7 F
Charlie had a think and he said look Fred
C C7 F D G
I've got a sort of feeling, if we remove the ceiling
D7 G7
With a rope or two we could drop the blighter through

C F C F
Ohhh Right said Fred climbing up a ladder
C F C G
With 'is crow-bar gave a mighty blow
C F C F
Was he in trouble, half a ton of rubble
C F C A7
Landed on the top of, his dome.....
Dm G7 C F
