NATURE APPRECIATION GROUP

SEPTEMBER 2022

Sadly our morning meeting in September coincided with the funeral of HM Queen Elizabeth so it was postponed until the afternoon. Of course this had an effect on attendance, but we still had 7 attendees and were able to enjoy a quiet intimate meeting discussing the future events and possible ideas for 2023.

However, members of the group were still out and about taking photos as can be seen below.

Photos taken in September

Val Frood - Bee still working in late September!

Janet Driscoll - Euonymus/Spindle

Val Frood - Caterpillar of the Bright-line Brown Eye Moth

Jenny Roberts - Blue Tit

Val Frood - Small Copper

Val Frood - 'Turkey Tail' Fungi
