Nature Appreciation Group 

SPRING WILD FLOWERS

Photographs taken by Group Members

APRIL – MAY 2022

HONITON u3a

NATURE APPRECIATION GROUP

The Honiton u3a Nature Appreciation Group was created in April 2022 when a few interested members met at the Coach House, Escot Park for an initial informal meeting and also to take a leisurely stroll around the Escot Bog Garden.

A follow-up meeting then took place on Monday 16th May in Feniton where fourteen members came together to discuss the way forward for the group.

Some members had already submitted photographs and these were viewed as a 'Slide Show' on a computer, but these would subsequently be printed to produce a portfolio of photos representing what members had discovered during countryside excursions. At this time of the year it was predominantly Spring Hedgerow flowers of which there are a profusion during the months of April and May.

It was also decided to arrange 'Field Trips' where members could join together and visit places of interest. It was decided that the first of these would be the Honiton Bottom Community Nature Reserve which would take place on Monday 23rd May.

This document is a collection of the group's photographs illustrating what they have observed during the months of April and May 2022.

Nature Appreciation Group's Initial Meeting at Escot and Field Trip to Honiton Community Nature Reserve

GROUP MEMBERS PHOTOGRAPHS - APRIL/MAY 2022

Sue Horswood - Alkanet

Jenny Roberts - Arum
