

Monthly Open Meetings to resume on Zoom!

Dear HVU3A Member,

In view of the continuing problems relating to face-to-face meetings the Hope Valley U3A Committee have started to work on a Zoom based on-line project for HVU3A Open Meetings:

We have decided to initiate a series of Zoom HVU3A monthly Open Meetings. It is hoped that these meetings will include topics of local and general interest and the programme, starting in January, will follow in a separate email.

Many of you will already be familiar with the use of Zoom as a method of interacting with your friends and family over the last few months but for others it may be a new IT experience; if this applies to you, I can email a short 'How To' document if you request it; email me at – chair.hvu3a@gmail.com

Our first Zoom Open Meeting will be on 10th December and you will receive an email inviting you to the meeting soon. Please check Zoom protocols and etiquette before joining that first meeting – there are lots of ideas on YouTube, for example the Hearing Ambassadors video – <https://youtu.be/Cd1XsvSCCJs>

We hope to invite outside speakers to deliver talks from January but the very first talk will be by a HVU3A member and the meeting will start some 30 minutes before the advertised talk in order to iron out any technical problems that you or we may encounter. After the talk we will devote some time to questions and general discussion mediated through the Meeting Chairman.

Kind Regards,

Paul McGreavy

Hope Valley U3A Chairman
