New Publication about Mahjong from Sari Edelstein PhD

“My Secret Mahjong Diary was created to capture all the humorous moments we discover as we play our favourite game! The diary takes the reader from mahjong classes all the way to finding games and depicting the zany behaviours of our fellow players who become friends. You will chuckle your way through this easy read with remembrance of your own special mahjong moments. These moments are filled with laughter, joy and irony. The author gets a little carried away with her mahjong mayhem, but that's what makes it fun. Sit back and enjoy!!” (Published 11th July 2021).
