

PROGRAMME OF LOCAL HISTORY EVENTS

The programme as planned prior to Coronavirus

Fri 17th April

Jennifer Harrison

The Ledbury War Memorials

Jennifer will give a presentation featuring all the War Memorials in the town. The proposed refurbishment and re-dedication of the War Memorial in the High Street is planned for VE Day 75 Friday May 8th, so the timing of this talk is apposite.

Fri 15th May

Chris Maulkin

Valuing your Small Antiques+

Re-booked after the forced cancellation in February, Chris will value our small antiques and talk about antiques in general, plus his work as an Estate Agent. He last spoke to the group in 2016 and this is a popular and requested repeat.

Fri 19th June

Alan Starkey

Postal Services in Ledbury

Alan has spoken on this topic before, but looking at our register, it was in 2007, since when there have been many changes and many new members! I'm sure there will be roused memories and an interesting history of the postal system before our time.

Fri 17th July

Mary Winfield

The Biddulph Family

This is another requested topic. Mary knew the members of the family when they lived in the town, and their history since their banking days in the early 19th century. We shall look forward to hearing about their lives and the family connections.
