

## WE ARE RECRUITING - LOOKING FOR HELP

Rev: 02

### Can you help?

London Region of U3As needs help to support its activities. This network covering all of the London Region has been expanding its forms of support to all London U3As. Some of these new activities include: creating a number of Peer Groups to support committee members; increased communications with all our members, and providing a programme of online Talks. These are in addition to our traditional activities of Delegates meetings, workshops, Summer School, Study Days, and other events. Currently there are 8 of us on the Executive Committee, plus our Regional Trustee. To cope, and provide in depth quality to our activities, we would love to have more members helping out.

There are vacancies currently within the Executive Committee as listed below. But there are also other ways to help if you don't want to be a trustee, and to suit your time availability.

### Current Executive Committee Vacancies

- Chair
- Joint Vice Chair (North London)
- Secretary
- Webmaster

Please don't hesitate to get in touch if you would like more information for yourself or if you can recommend someone else who might be interested.

We look forward to hearing from you!
