

Agreement between the u3a's of

Burnley
Clitheroe
Hyndburn
Longridge
Todmorden
West Pennine Villages

Each of the above u3a's wishes to extend the range of provision available to it's members through this resiprical agreement.

Each of the above u3a's would welcome any members of the other at monthly meetings. We would ask the member's to sign in as visitors and produce their local u3a membership card. There would be no charge for attending.

We would welcome members of any of the above u3a's at meetings of special interest groups but would require them to get the agreement of the convenor of the group in advance of the meeting. This is because there could be limited numbers or other problems relating to the size of the venue etc.

If members of the interest group normally pay a fee for the session the visitor would also be expected to pay this fee.

We would welcome members of the above u3a's to join us on organised outings and special events if there are surplus places after our own members requests have been met. The appropriate charge would be made.

There would be no other financial implications.

We would expect to supply each other with up to date details of u3a activities through shared newsletters and through our websites.
