

Zoom – Mobile App user guide

Zoom offers free video conferencing and messaging across any device, with up to 100 participants (with a 40 minutes time limit on meetings with three or more total participants), and unlimited 1:1 meetings.

This guide provides basic instructions on creating an account and setting up a meeting using Zoom from your phone or tablet.

Downloading the App

Open your device's App manager – this will be the Google Play store for Android devices, or the Apple App store for Apple devices:

<https://play.google.com/>

<https://www.apple.com/uk/ios/app-store/>

Use the Search Bar at the top of the page to search for 'Zoom' and click **Install**

Once successfully downloaded, the Install button will turn into an **Open** button. Click **Open** to launch the app.

With the App launched, you will be given the option to **Join a Meeting** if you have been invited to join one hosted by another person, **Sign Up** if you have not yet registered or **Sign in** with an existing account.

Registration

Option 1: Registration by email address

If you selected to **Sign Up** you will have the option to register using your **Email address**.

Enter a valid **email address**, your **First and Last Name** and agree to the **Terms and Conditions**

The **Next** button in the top right will become active. Click **Next**

Option 2: Registration through Google

If you selected to **Sign In** you will have the option to register using your **Google Account**

Click the **Google** icon where you will select which Google Account to use, or enter the details manually.

Option 3: Registration through Facebook

If you selected to **Sign In** you will have the option to register using your **Facebook Account**

Click the **Facebook icon** then when prompted click **Continue as [NAME]**

Login

Enter your **Email address** and **Password**, or sign in using the **Google** or **Facebook** account that was used earlier.

From the **Meet & Chat** screen you can Add Contacts from your Phone Contacts or using an Email Address.

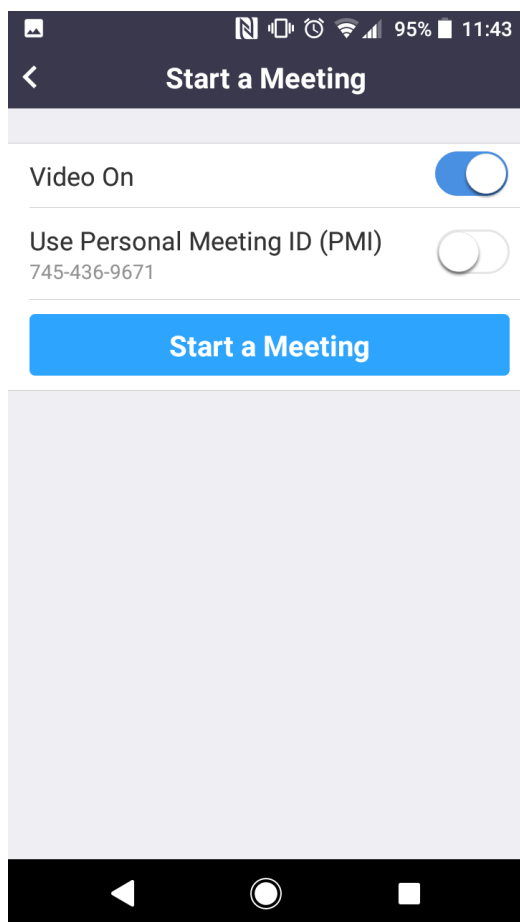

Enter your phone number to search for any contacts registered for Zoom. You will need to give the App permission to view your Phone Contacts to do this. If there are no matches, you can invite any of your contacts to join Zoom.

Alternatively, search for the **Email address** in the Zoom database, and **Add** any Matched Contacts

Matched contacts can later be found in the **Contacts** area

Starting a meeting

From the **Meet & Chat** screen, click on **New Meeting**

If you do not want your meeting to have Visual, **Move the slider** to turn off Video

If **Use Personal Meeting ID** is switched off (default), participants will need to use a password to enter your meeting (recommended). To disable this and allow anyone with the meeting number to join, **move the slider** to turn this off.

From within your meeting, you can invite people to attend using the **Participants** icon. From here you will have the option to invite **Zoom** contacts, your Phone contacts through **Messaging**, Facebook contacts through **Messenger**, or email an invitation via **Outlook** or **Gmail**.

You can also copy the URL for this meeting and distribute this to potential participants.

Scheduling a meeting

From the **Meet & Chat** screen, click **Schedule**

Cancel Schedule Meeting Done

Nicola Robinson's Zoom Meeting

Date 20/03/2020 >

From 12:00 >

To 12:30 >

Time Zone GMT+0:00, Greenwich Mean Time >

Repeat Never >

Use Personal Meeting ID (PMI)
