

An hour in a Spitfire

During the first lockdown my daughter Rachel and I, wrote a family archive book, for my grandchildren. It included much about

Spitfires. This month I had a fantastic day near Goodwood as I went up for an hour in a Spitfire!!! This has been a dream for years, and it exceeded all of my expectations. What an iconic aircraft! I looked down over the Isle of Wight, Hayling Island, and much, much more. We even did a barrel roll, and I got to fly it for a few seconds. The lovely pilot Jim used to live in Medmenham. It was one of the best of days of my life

Sue.
