

Library Information

(January 2023 Version)

The Moray Coast u3a has an extensive Philosophy Library. One hundred and nineteen philosophy textbooks have been donated by Bob Sutton. We hope to add to this number.

An Excel spreadsheet listing details of these books has been circulated to members of the Philosophy Interest Group. If you have not received a copy of the spreadsheet then please let John or Tam know. If we have your email address, we will make sure that a copy is emailed to you.

We plan to stick a label like the one below into each book before they are in general circulation but if there is any book on the list you wish to borrow this can be arranged.
