

About Us

u3a is a voluntary organisation for older or retired and semi-retired people where members use their knowledge and experience to learn from each other for pleasure; with learning its own reward.

It's local, social, friendly and low cost: a home to many interest groups covering a wide range of both physical and diverse activities ranging from history, literature and geology to walking, cycling and table tennis.

Join our u3a, start learning together and make the most of life.
