

Car Share Guidelines for Preston Park u3a

INTRODUCTION

The Third Age Trust stated, before Covid-19, that U3A members could offer lifts to other members and accept money towards fuel costs without compromising their vehicle insurance policy.

It was recommended that we have guidelines so that the matter is handled fairly and consistently with the driver getting back an appropriate proportion of the fuel cost but not the total amount.

In the event of a vehicle accident, it would normally be the vehicle insurance that would properly cover matters relating to the driving of the vehicle. Any claim would generally fall outside the scope of the Public Liability Insurance your U3A has through the Third Age Trust.

Whilst any infectious pandemic is in force it is U3A policy that members do not offer lifts to anyone outside their household or bubble.

GUIDELINES

1. The driver warrants that the vehicle is properly insured, taxed and roadworthy.
2. The driver is not obliged to accept any contribution.
3. The recommended current contribution is 14 pence per mile per member based on a 4 or 5 seat vehicle.
4. The above contribution rate will be reviewed from time to time.
