

Policy Statement 2

Advertising U3A Member Participation Surveys

Ravenshead U3A is receiving requests via U3A Region and Third Age Trust from groups, universities and students requesting that we pass on their requests to our members for participation in their research projects and surveys. There are concerns that passing on these requests to our members could be seen as being intrusive.

STATEMENT: Ravenshead U3A has a policy of **NOT** circulating to members requests to take part in unsolicited research projects or surveys. Ravenshead U3A will keep a list of the requests on our website should our members wish to take part personally.
