

SINGING for FUN

Have you ever enjoyed singing whether in school, church or elsewhere?
Then this is the group for you.

We sing **songs in unison** and also spend time working on **part songs**. Often there is a **lot of laughter** at our first attempt at a new song. There is **no requirement to read the notes if you are female** as you will soon pick up the tunes and the others will help you. For the men, it would be useful until we get an influx of new talent to augment our single bass!

Contact **Brenda Waters** on 77962 for more details
