MY STORY & FAMILY HERITAGE

This has been a popular feature on our programme. It gives an opportunity for us to hear a little about members' family histories which always seem to be more interesting than our own! We have three volunteers at the time of writing but need at least another three please. We are looking for 5,10, or 15 minute presentations using power-point or chalk and talk on any interesting research or family story or family possession. Please contact Bob.

It could be a short meeting otherwise!

NEXT MONTH

We will be concentrating on Newspaper Archives which are coming online at a rate of knots. We will use records on cycling to illustrate the range and type of material available.
