

GARDEN/OUT AND ABOUT TRIPS GROUP

TALK by Don Witton, 29 February 2024 at Winthrop Gardens

(photos courtesy of Rosalind)

Don's talk 'Calendar of Colour' was wonderful and entertaining. He illustrated with photos of many gardens, including his own, for each month of the year. No excuse now for not having colour in our own gardens. We were given a useful list of many of the plants we saw, some of which he sold at the end of the presentation. He told some interesting stories about his life and how he got into publishing. Attended by 26 people. A few late cancellations. I have booked Don again for 10 October. A very popular speaker if looking at his diary is anything to go by. Venue to be decided nearer the time.

Val Coldwell, Co-ordinator

*Winthrop Gardens
looked wonderful
after its winter
tidy-up - and
great to see
Nellie!*
