

HUZZAH! STROLLERS ARE BACK

Ten Strollers assembled outside Rotherham Railway Station for a 10.30am start for a gentle 'first back' walk along the canal towards Holmes and return, or for the more intrepid the whole way to Meadowhall for a Tram Train return to Rotherham.

The weather couldn't have been better- warm, sunny with a light gentle breeze. It was great to see so many people out enjoying the sunshine and scenery, other walkers, joggers and cyclists taking advantage of the weather, foliage and wild flowers.

Upon reaching Holmes we stopped for a group photo and an interesting sight of 2 narrow boats successfully negotiating the locks. Most of the group then decided that was enough for the first walk and turned back. The remainder - those few that happy band of brothers - oer sorry, gone all Henry V again - must stop doing that - carried on to Meadowhall, passing an interesting mural of birds and flowers, and near the end a wonderful scented small wild flower meadow.

That ended our first walk back, a thoroughly enjoyable experience. Let's hope there are many more from now on.
